START YOUR CAREER HERE!

**WALLWORK TRUCK CENTER (WTC)** partners with colleges in the area to provide students with the education and skills necessary to become a part of our team.

Our Tuition Reimbursement Plan is for students seeking a career in the transportation industry as a service technician.

## BECOME A CERTIFIED TECHNICIAN

### BENEFITS OF THE PROGRAM INCLUDE:

- Intern paid work experience starting at \$15.00 hr.
- Opportunities to learn from highly skilled and trained employees on the job.
- Work part time at one of our locations while you are in school.
- Upon graduation you will be eligible for full time employment and benefits.
- Students with a 3.0 GPA and a diploma from an accredited program will be paid educational incentives based on the following criteria:
  - General Diesel Technology AAS Program \$4,000 per year max of 4 year.

### TO APPLY WITH WTC, FOLLOW THESE STEPS:

- Log in to Wallworktrucks.com, go to our Careers Portal.
- Browse the available locations and select your location of interest.
- Once you have selected the location, click Apply On-line to complete the application.
- Once you have completed the application, you will receive an email confirming your application has been received.

# W990

# KENWORTH

The Kenworth W990 sets a powerful new industry standard, and is designed to maximize performance in linehaul and heavy haul operations. At 131.5 inches from bumper to back-of-cab, the W990 establishes a bold presence among conventional trucks.

The W990 is standard with the PACCAR Powertrain, which features the PACCAR MX-13 engine rated up to 510 hp and 1,850 lb-ft of torque, PACCAR 12-speed automated transmission, and PACCAR 40K tandem rear axles.

# T680

## THE NEW BENCHMARK IN PERFORMANCE AND PROFITABILITY

Kenworth's T680 is a true game changer in the business of running trucks at a profit. Aggressive aerodynamic design. A fully integrated, highly efficient PACCAR powertrain. Uptime engineering that results in an unmatched work ethic. Plus a level of luxury, craftsmanship and intuitive control that makes the T680 The Driver's Truck — a factor that helps every Kenworth fleet attract and retain the industry's best operators.

# T800

There was a time when customers scheduled deliveries by the calendar. Now they use a watch with an accurate second hand. Computers and satellite systems quicken the pace. Downtime is the enemy. And the competition keeps getting smarter. Welcome to the new millennium.

Needless to say, your buying criteria for heavy-duty trucks isn't what it used to be. Today, you need equipment that's easier to own and more affordable to operate. Equipment that will work harder, last longer and retain its value. Today, you need a more productive, more profit-oriented, more reliable truck: Kenworth T800.
